

## Invitation

### Dear Colleague,

We are excited to invite you to our industry evening mini-symposium at the ERS International Congress in Milan on September 11th, organized by Grifols.

Together with a faculty of world-leading respiratory experts, we will explore current issues and challenges in the management of non-CF bronchiectasis.

This symposium will be a great opportunity for us to hear about the latest news on the burden of this disease and specifically on the management of non-CF bronchiectasis patients with a chronic *Pseudomonas aeruginosa* infection, including its potential impact on the healthcare system.

We hope you can join us in Milan for an insightful and highly relevant symposium.

#### Tobias Welte

*Professor of Pulmonary Medicine and Director of the Clinic for Pneumology, Hannover University School of Medicine, Germany*

#### Stefano Aliberti

*Associate Professor Department of Pathophysiology and Transplantation, University of Milan, Italy*

Please visit: <http://www.grifolssymposium.com/ncfbe>

#### Chair:

Tobias Welte (Hannover, Germany)

#### Co-Chair:

Stefano Aliberti (Milan, Italy)

#### 17:30-17:40 Welcome & Introduction

Chair

#### 17:40-18:00 The impact of *Pseudomonas aeruginosa* on non-CF bronchiectasis disease progression and health economic perspective

James Chalmers (Dundee, UK)

#### 18:00-18:20 ORBIT 3 & 4: new evidence on treatment of non-CF bronchiectasis

Charles Haworth (Cambridge, UK)

#### 18:20-18:40 Putting evidence into practice - how can we improve bronchiectasis care?

Eva Polverino (Barcelona, Spain)

#### 18.40-18.55 Panel discussion: towards a better management of non-CF bronchiectasis patients with *Pseudomonas aeruginosa*

All Speakers, moderation by Chairs

#### 18.55-19.00 Summary & Close

Co-Chair

# Non-CF bronchiectasis with *Pseudomonas aeruginosa* chronic infection: new solutions toward patient benefits

ERS Industry Evening Mini-Symposium

**Monday, September 11th, 2017**

**17:30 to 19:00**
